Why Choose PremierChoice

The PremierChoice Difference

• No Calendar Year Deductibles to Satisfy! You receive “first dollar” benefit payments under each of the PremierChoice Specified Disease/Sickness and Accident Plans without first having to satisfy any calendar year deductible, which is different from ACA essential health benefit plans and many other plans that require the Insured to first satisfy a calendar year deductible for network providers, and a separate calendar year deductible for non-network providers, before applicable medical expenses are eligible for payment.

• First Dollar coverage, up to the applicable benefit amount, available under both the PremierChoice Specified Disease/Sickness & the Accident Plans for Outpatient Doctor Office Visits! Special “rollover” feature in each plan; if You don’t use Your benefits, You don’t lose them.

• Buy more coverage, if You need it, without additional underwriting! Ask Your Agent about the Optional Single Step-Up Rider, the Optional Double Step-Up Rider and the MIGI Rider!

• Any Doctor, Any Hospital! But You can stretch Your dollars further by choosing an In-Network Provider.

• Neither the PremierChoice Specified Disease/Sickness Plan with the MIGI Rider nor the PremierChoice Accident Plan with the Optional Medical Inflation Protection Rider are ACA essential health benefits plans. However, while these are in full force and effect, You have the right to purchase additional coverage under Our PremierMed Short Term Medical-Surgical Expense Plan with no additional underwriting, if You are not covered under an ACA plan of “minimal essential coverage”, as a bridge to Your purchase of ACA essential health benefits coverage.*

• Each plan pays in addition to any coverage You have in force.

• Automatically Locks in Your rate for 15 months at no extra charge!**

• 24 hour coverage, on or off the job. Coverage You can depend on when You need it the most.

---

The PremierChoice Specified Disease/Sickness and Accident Plans allow You to receive first dollar payments for expenses incurred, up to a benefit maximum for covered healthcare services.1 This supplements an essential health benefits plan under which You must first satisfy a deductible every year before You are eligible to receive benefit payments.

*You will be responsible for charges that exceed Your Specified Disease/Sickness Plan and/or Accident Plan benefit amount and the network discount.

The individual mandate under the Affordable Care Act (“ACA”) generally requires individuals to maintain “minimum essential coverage” in 2014 and beyond, or be subject to payment of the annual shared responsibility payment, the amount of which is based, in part, upon the individual’s household income each year (See page 16 of this brochure for details). The PremierChoice Specified Disease/Sickness Plans and Accident Plans are insurance plans which provide benefits on an expense incurred basis up to a maximum daily/monthly/annual amount for covered services and are neither “essential health benefits plans” under the ACA, traditional major medical insurance plans, nor Workers Compensation plans under state law. PremierChoice Specified Disease/Sickness Plans and Accident Plans are “excepted benefit plans” under the ACA, but are not considered “minimum essential coverage” under it. Therefore, unless an Insured under one of our PremierChoice Specified Disease/Sickness Plans and/or Accident Plans has an exemption from the ACA’s individual mandate or maintains “minimum essential coverage” under the ACA, the Insured will be subject to the ACA’s “shared responsibility payment” (See page 16 of this brochure for details).

**The Premium Rate Guarantee Period does not apply to any rate change due to: change of address; addition of Insureds; change of benefits or options; change of Mode Of Premium Payment; group policy coverage, benefits, limitation or exclusion changes; or any future requirements of any federal or state law.

Each level of the PremierChoice Specified Disease/Sickness Plan with the MIGI Rider provides payment of actual expenses incurred (without a calendar year deductible) up to each applicable benefit limit, and each benefit limit increases on each calendar anniversary by 10% on a compounded basis for up to 5 years as long as the applicable Specified Disease/Sickness Plan and the MIGI Rider remain in full-force and effect.

In addition, You receive the ability to increase Your protection if and when You decide Your circumstances require it through the MIGI Rider purchased with the Specified Disease/Sickness Plan. This rider gives You the one-time right to purchase Our **PremierMed Short Term Medical-Surgical Expense Plan** without additional medical underwriting or evidence of insurability when You decide You need it, anytime, even in the middle of a claim. This unique option is intended to help You bridge the gap between the **PremierChoice** Specified Disease/Sickness Plan to the earliest of the following dates: (i) the earliest possible effective date of coverage for an ACA “qualified health plan” that could be purchased by You through a state or federal administered health insurance exchange in Your state of residence, (ii) the effective date of Your coverage under any health plan that constitutes “minimum essential coverage” under federal law, and (iii) the date coverage under the **PremierMed Short Term Medical-Surgical Expense Plan** otherwise terminates under the termination of coverage section of such plan.

**Not available on PremierChoice Specified Disease/Sickness Plans 1 & 2 and PremierChoice Accident Plans 1 & 2

The individual mandate under the Affordable Care Act (“ACA”) generally requires individuals to maintain “minimum essential coverage” in 2014 and beyond, or be subject to payment of the annual shared responsibility payment, the amount of which is based, in part, upon the individual’s household income each year (See page 16 of this brochure for details). The PremierChoice Specified Disease/Sickness Plans and Accident Plans are insurance plans which provide benefits on an expense incurred basis up to a maximum daily/monthly/annual amount for covered services and are neither “essential health benefits plans” under the ACA, traditional major medical insurance plans, nor Workers Compensation plans under state law. PremierChoice Specified Disease/Sickness Plans and Accident Plans are “excepted benefit plans” under the ACA, but are not considered “minimum essential coverage” under it. Therefore, unless an Insured under one of our PremierChoice Specified Disease/Sickness Plans and/or Accident Plans has an exemption from the ACA’s individual mandate or maintains “minimum essential coverage” under the ACA, the Insured will be subject to the ACA’s “shared responsibility payment” (See page 16 of this brochure for details).
### PremierChoice Specified Disease/Sickness Plans & Accident Plans

ACA Individual Mandate & Shared Responsibility Payment

The individual mandate under the ACA generally requires individuals to have “minimum essential coverage” in 2014 and beyond, or be subject to payment of an annual “shared responsibility payment”, the amount of which is based, in part, upon the individual’s household income each year. The ACA’s “shared responsibility payment” has also been referred to from time to time as a tax and as a penalty, and is payable to the federal government. Specified Disease/Sickness and Accident Plans are exempt from the coverage and rating mandates of the ACA, and therefore are not considered “minimum essential coverage” under the ACA. If an individual (a) does not receive an ACA exemption annually from the federal government for the individual mandate, or (b) does not maintain “minimum essential coverage” under the ACA for 9 or more consecutive months during each year, (including coverage under one of the following types of plans (i) an employer sponsored group health plan, (ii) a grandfathered health plan, (iii) a non-grandfathered health plan for which the government has granted a waiver of the individual mandate, or (iv) an ACA essential health benefits plan), he will be subject to the ACA’s annual “shared responsibility payment”, even if covered under one of the PremierChoice Specified Disease/Sickness or Accident Plans. For additional information on the individual mandate, “shared responsibility payment”, exemptions from the mandate and other matters concerning the ACA, please visit www.healthcare.gov, the federal government’s website.
With the purchase of the PremierChoice Specified Disease/Sickness Plan and Our MIGI Rider, You have the one-time right to obtain additional coverage under Our PremierMed Short Term Medical-Surgical Expense Plan without additional medical underwriting or evidence of Insurability. Under the MIGI Rider You can exercise this option when You decide You need it, anytime, even in the middle of a claim. This unique option is intended to help You bridge the gap between the PremierChoice Specified Disease/Sickness and Accident Plans and the earliest of the following dates: (i) the earliest possible effective date of coverage for an ACA “qualified health plan” that could be purchased by You through a state or federal administered health insurance exchange in Your state of residence, (ii) the effective date of Your coverage under any health plan that constitutes “minimum essential coverage” under federal law, and (iii) the date coverage under the PremierMed Short Term Medical-Surgical Expense Plan otherwise terminates under the termination of coverage section of such plan.

The PremierMed Short Term Medical-Surgical Expense Plan provides coverage as of the Issue Date for Pre-existing Conditions, disclosed on the original PremierChoice Specified Disease/Sickness application or that manifest during the period of PremierChoice Specified Disease/Sickness Plan coverage, provided they are not otherwise limited or excluded by the PremierMed Short Term Medical-Surgical Expense Plan or any riders, amendments, or endorsements attached to the PremierMed Short Term Medical-Surgical Expense Plan.

The individual mandate under the Affordable Care Act (“ACA”) generally requires individuals to maintain “minimum essential coverage” in 2014 and beyond, or be subject to payment of the annual shared responsibility payment, the amount of which is based, in part, upon the individual’s household income each year (See page 16 of this brochure for details). The PremierMed Short Term Medical-Surgical Expense Plan is an insurance plan which provides benefits for a limited duration for covered services and is neither an “essential health benefits plan” under the ACA, a traditional major medical insurance plan, nor a Workers Compensation plan under state law. The PremierMed Short Term Medical-Surgical Expense Plan is “Short Term Medical-Surgical Insurance” and is not considered “minimum essential coverage” under the ACA. Therefore, unless an Insured under our PremierMed Short Term Medical-Surgical Expense Plan has an exemption from the ACA’s individual mandate or maintains “minimum essential coverage” under the ACA, the Insured will be subject to the ACA’s “shared responsibility payment” (See page 23 of this brochure for details).

Termination
Coverage will terminate on the earlier of the coverage termination date stated on the schedule page, the date upon which the Insured is covered under an ACA plan of minimum essential coverage or the earliest possible effective date of coverage under an ACA essential health benefits plan following the next available ACA open enrollment in Your state of residence. Coverage will also terminate for the following reasons: when the Association Group Short Term Medical-Surgical Expense Policy is terminated by the Group Policyholder; the date the Primary Insured is no longer a member of the association; the Scheduled Termination Date; Your Spouse, on the date of Your divorce decree or annulment; Your child(ren) twenty-fifth (25th) birthday; the due date of any unpaid Monthly Renewal Premium; the date You terminate coverage; the date We elect to discontinue offering the Certificate form of short term medical insurance coverage in Your state and to terminate all such certificates in Your state; the date We elect to discontinue offering all similar types of coverage under any association group in Your state and to terminate all such certificates of coverage in Your state, including Your form of coverage; and the date We receive due proof that fraud or intentional misrepresentation of material fact existed in applying for coverage or in filing a claim for Benefits under this coverage.
**PremierMed Limitations at a Glance**

Coverage under the PremierMed Short Term Medical-Surgical Expense Plan is limited as provided by the definitions, limitations, exclusions, and terms contained in each and every section of the PremierMed Short Term Medical-Surgical Expense Plan, as well as the following limitations and waiting periods:

- Any loss or expense incurred as a result of an Insured’s Pre-existing Condition is not covered under the PremierMed Short Term Medical-Surgical Expense Plan;¹
- If, as the result of an Emergency Sickness or an Emergency Bodily Injury, services are rendered for an Insured by a Non-Participating Provider when a Participating Provider was not reasonably available in connection with either (i) an Outpatient basis in the emergency room of a Hospital or (ii) an Emergency Inpatient admission to a Hospital, then the Covered Expenses incurred will be reimbursed by Us as if such Non-Participating Provider were a Participating Provider, up to the point when the Insured can be safely transferred to a Participating Provider. If the Insured refuses or is unwilling to be transferred to the care of a Participating Provider after such Insured can be safely transferred, then reimbursement shall thereafter be reduced to the Company’s Insurance Percentage for Non-Participating Providers;
- Insureds have the right to obtain Prescriptions from the pharmacy of their choice. However, if an Insured: (i) uses a Non-Participating Pharmacy to fill a Prescription or (ii) does not present his/her correct ID card when the Prescription is filled at a Participating Pharmacy, then such Insured must pay the applicable pharmacy in full and file a claim form with the Company for reimbursement. In either event, the Insured will be reimbursed by the Company at the discounted or negotiated rate for such Prescription that would have been paid to a Participating Pharmacy by the Company under the PremierMed Short Term Medical-Surgical Expense Plan if the Insured had used a Participating Pharmacy and properly presented the correct ID card at the time the Prescription was filled; and
- Because the Benefit Deductible under the PremierMed Short Term Medical-Surgical Expense Plan is calculated on the basis of Covered Expenses, it is possible that every dollar an Insured pays for Prescription Drugs at a Participating Pharmacy may not apply toward meeting the applicable Benefit Deductible.

ACA Individual Mandate & Shared Responsibility Payment

The individual mandate under the ACA generally requires individuals to have “minimum essential coverage” in 2014 and beyond, or be subject to payment of an annual “shared responsibility payment”, the amount of which is based, in part, upon the individual's household income each year. The ACA’s “shared responsibility payment” has also been referred to from time to time as a tax and as a penalty, and is payable to the federal government. Short term medical plans are exempt from the coverage and rating mandates of the ACA, and therefore are not considered “minimum essential coverage” under the ACA. If an individual (a) does not receive an ACA exemption annually from the federal government for the individual mandate, or (b) does not maintain “minimum essential coverage” under the ACA for 9 or more consecutive months during each year, (including coverage under one of the following types of plans (i) an employer sponsored group health plan, (ii) a grandfathered health plan, (iii) a non-grandfathered health plan for which the government has granted a waiver of the individual mandate, or (iv) an ACA essential health benefits plan), he will be subject to the ACA’s annual “shared responsibility payment”, even if covered under the PremierMed Short Term Medical-Surgical Expense Plan. For additional information on the individual mandate, “shared responsibility payment”, exemptions from the mandate and other matters concerning the ACA, please visit www.healthcare.gov, the federal government’s website.

Scheduled Termination Date

The Scheduled Termination Date is the date coverage is scheduled to expire, unless coverage under the PremierMed Short Term Medical-Surgical Expense Plan is terminated earlier according to the Termination of Coverage section of the PremierMed Short Term Medical-Surgical Expense Plan. The Scheduled Termination Date is ninety (90) days from the Issue Date.

The individual mandate of the Affordable Care Act (“ACA”) generally requires individuals to maintain “minimum essential coverage” in 2014 and beyond, or be subject to the payment of the annual shared responsibility payment, the amount of which is based, in part, upon the individual’s household income each year (See page 16 of this brochure for details). The MedGuard Plan is a life insurance plan with an accelerated death benefit rider, which pays the designated percentage of the Plan’s death benefit to the Insured upon the diagnosis of a covered critical condition or receipt of a covered critical surgery, as such it is not “health insurance coverage” under the ACA, Workers Compensation coverage under state law, an “essential health benefits” under the ACA or considered “minimum essential coverage” under the ACA. Therefore, unless an Insured under the MedGuard Plan has an exemption from the ACA’s individual mandate or maintains “minimum essential coverage” under the ACA, the Insured will be subject to the ACA’s shared responsibility payment.
